

2012 Individual BIC Benchmarking Report

Innovational production Technopark Idea

EBN Quality Team

22/02/13

Introduction

The following graphs and tables report the key facts and figures for 2011, comparing Innovational production Technopark Idea, with BICs in Russian Federation, the full EBN network and a group of 10 similar BICs selected based on the following criteria:

- staff levels fall in the same range as Innovational production Technopark Idea
- closest total income to Innovational production Technopark Idea

The survey has been undertaken thanks to the yearly implementation of EBN's Quality system which is primarily aimed at ensuring the compliance of the BICs, EBN Full Members, to the BIC Quality Mark Criteria.
